Local information for young people is now available on [www.channelmogo.org](http://www.channelmogo.org)

Youth Connexions is a service for teenagers which aims to provide advice, guidance, support and personal development opportunities for all 13-19 year olds (up to 25 years for young people with learning difficulties and/or disabilities).

In Hertfordshire, a whole range of different youth agencies are working together to help Youth Connexions deliver the best possible support service to local young people. Within these agencies there are staff called Personal Advisers: professional staff who are trained to help young people to make the most out of their lives, whatever their issues.

There are also a number of One Stop Shops across the county where young people can pop in to ask for advice or information. Details of local One Stop Shops and Connexions Centres can be found on [www.channelmogo.org](http://www.channelmogo.org)

Young people can also access a virtual support service through Connexions Direct: a web, telephone, e-mail and text messaging support service staffed by Personal Advisers. Advice is available on anything from jobs with training to relationship problems. To contact Connexions Direct you can free phone 080 800 13219 or text 07766 413219, or go to [www.connexions-direct.com](http://www.connexions-direct.com)
